## PHI ALPHA CHI . . .

Numbering more than 100 members during 1948-49, Phi Alpha Chi, national accounting fraternity, continued its program, designed to promote and foster development of high ethical standards among its members.

In its second year after post-war reactivation the group was again led by Paul Monroe. Representatives from nearby firms addressed the organization at its bi-monthly meetings. During the winter a group of Toledo cost accountants were entertained by the group.

Membership is based upon enrollment in the College of Business Administration with grades of 2.5 in accounting and a cumulative average of 2.0 in other subjects.

William Schmeltz, assistant professor of business administration was the advisor of the group during the 1948-49 year.

Activated as a social fraternity at Bowling Green during March, 1947, Pi Theta has spent the first year and a half completing organization plans and refinishing their recently acquired off-campus chapter house. The brick structure on North Main street was refurnished throughout. A game room was added in the basement.

Socially the fraternity was active with a series of house parties given in honor of various university sororities and organizations. A top feature was a hayride and Halloween party in October. A closed formal was held in April.

Officers of the 1948-49 year were: Dick Soderberg, president; Pete Coppock, vice-president; Gordon Ponceby, treasurer; and Charles Seely, secretary.

# P I T H E T A

FRONT ROW: Edward Merry, Charles Seely, Gerald Murphy, Lawrence Coppock, James Lowery, Glenn Honner, George Moldovan.
